Dear Mr. Pfeiffer,

I am so anxious to know of the progress of things and something more than you could tell me in those few moments or may by writing or phoning. Should I be exceedingly selfish to ask if you would be too tired to dine or take supper with me, ^{when} ~~as~~ you could, on Sunday the 12th. when I shall be in town? I shall be in my new apartment, 50 West 67th. Street, and can make the meal any hour that is convenient to you. You said in one letter you would be glad to talk with me when I came to town, and as I know of course there is no time at your office or by day I suggest this.

I am concerned by Mrs. Henry Stevens' characteristic remarks.

Take out - especially
about Mr. Hall.

I leave here on the 11th.

Sincerely yours

Sept. 3rd. 1926.

Sally
